Re: Docket 98N-1038: Irradiation in the
Production, Processing and Handling of Food

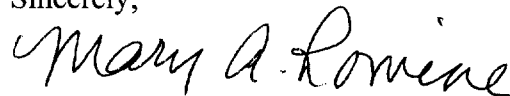

To Whom it May Concern:

Please do not take the labeling off food products that have been irradiated. I believe foods should be left as unaltered as possible. I take pride in trying to choose healthy, organic food for my body. I want to be able to tell if a food product has been irradiated.

Help us make good choices for ourselves and leave the labeling on tampered foods so consumers can tell what they are choosing.

Thank you.

Sincerely,

Mary A. Romine
